

The Heart of the Hammer

PRESIDENTS MESSAGE

Well here we are in the midst of this wonderful warm spell here in January. How crazy is the weather right now, who would think of so many tornados in January in the Midwest. It looks as if Mother Nature is starting this 2008 with a bang, a little oddities, well lets hope that is all good.

NAWIC is going to start out our 2008 with a presentation from Mary Pennington-Hoyt on the 24th of January on her trip with People to People and NAWIC to South Africa. Block Kids is going to be here before we know it as well- if anyone is interested in helping plan this event- please let me know ASAP, for more information on what Block Kids is please visit our website. In March (3-7 to be precise) is Women in Construction Week (WIC Week). So far we have an event with a Girl Scout Troup Planned for Tuesday, March 4th and our Membership Meeting will be on the 6th.

BLOCK-KIDS

*****GREAT OPPORTUNITY*****
*****STILL NEED A VOLUNTEER*****

We need a volunteer to chair The Block Kids event, or at least help Amanda with putting this event together. What is Block Kids?

The Block-Kids Building Program is a national competition sponsored by local chapters of the National Association of Women in Construction (NAWIC). The award-winning program introduces children to the construction industry in an effort to create an awareness of, and promote interest in, future careers in the construction industry.

The competition involves the design and construction of project models that relate to the construction industry (no people or animals!)

IF YOU WOULD LIKE TO VOLUNTEER PLEASE CONTACT AMANDA BASS.

Elizabeth Dole

Women share with men the need for personal success, even the taste of power, and no longer are we willing to satisfy those needs through the achievements of surrogates, whether husbands, children, or merely role models
